

TDIC Medical Covers

TDIC is pioneering the development and manufacturing of covering systems for new and innovative medical equipment across the country. From coverings that protect medical robots while performing surgeries to simple equipment storage covers, we take great care to ensure that **our products are safe for your patients, user-friendly for your staff, and economical for your budget.**

TDIC currently supplies protective equipment covers for Mako Surgical. Our covers are made to the specific measurements of the surgical equipment to ensure a proper fit. We offer:

- Mako Surgical Tactile Guidance System Equipment Covers
- Mako Surgical Tactile Guidance System Storage Covers
- Mako Surgical 2.0 Tactile Guidance System Storage Covers

TDIC covers for Mako Surgical are available in black or blue Urethane coated Nylon. The Nylon fabric is wipeable.
